

OUR STORY

Established since 2016 Siteserv Australia is a provider of both wet and dry equipment hire, offering a diverse range of quality machinery and attachments to the QLD civil and infrastructure industries. With a commitment to excellence, reliability, and customer satisfaction, we have established ourselves as a trusted partner in the equipment rental market.

Our comprehensive fleet of 30 machines includes a wide array of machinery and attachments suitable for civil, utilities and infrastructure sectors

With 20 years of construction experience, our team possesses in-depth knowledge of industry requirements, ensuring that our clients receive quality advice and the right equipment for their projects.

We offer flexible and customizable rental solutions to accommodate short-term and long-term project requirements. Our competitive rates and transparent terms set us apart in the market.
